Irricana News

Mr. and Mrs. W. W. Wison have gone to the United States on a visit to relatives.

Mr. and Mrs. Curtis Leonard returned on Tuesday, from a trip to the City.

Mr. V. R. Nance returned from the City wearing a cheerful smile and enquired of Pete the drayman whether Alberta hadn't swapped ends with Oklahoma.

Miss Bethensen, Principal of the School has reported for duty after vacation spent at Sylvan Lake with her people.

Mr. Harold Homens who has made several successful shipments of heavy draft horses to Montreal and other eastern points has returned to his ranch. Mr. Homens succeeded in disposing to advantage of a large number of his surplus stock.

The U. F. W. A. annual chicken pie supper which is always a social event in evidence with Frank Kermick and our selves is permitted to take place on the 16th, weather permitting. An additional feature to the interesting entertainment will be a series of songs, vocal and instrumental music rendered by the Keoma Glee Club. A well-filled candy booth will also be a pleasant addition.

Miss Stella Ewing returned to Edmonton after a two weeks holiday at Irricana.

Gordon Cadman an old timer in the district returned to his farm at Carbon after spending a week at the home of Mr. and Mrs. Elliott.

Mr. and Mrs. Rueben Chaplin have left for Chicago to dispose of the household effects of stock Mr. and Mrs. Chaplin. They will make Chicago their future home.

We are not sure, William, whether Tom Hall and Emory Eliza Fair are members of the Glee Club or not. We are informed however, that the gentleman in question are familiar figures at the Palais.

Messrs. Gregory Bros. the well known pure bred stock raisers are at their ranch for a few days. Ed, (who always take the hefty end to ranch work) voluntarily submitted his services at the kitchen range while Arthur and the hired men had sufficient food to carry the large herd over the hill side of a cold winter.

Horse Sale at Strathmore

If Enough Interest is Taken
A sale of horses, under the auspices of the Alberta Horse Breeders Assoc. will be held in Strathmore about the beginning of March. If a sufficient number of horses are secured.

For some years the Association has held a successful sale in Calgary, bringing buyers from Eastern points. Last year, in addition to the Calgary sale, a sale was held at High River, with very successful results. This year it is proposed to extend the circuit by holding a sale at Strathmore in the same week, as sales at other points.

Mr. E. D. Adams, President of the Association, with Mr. A. Layzell, who is in Strathmore on Saturday, and met with a number of farmers and ranchers.

Meeting Next Monday
The result was that it was decided

Everybody Come to the
GRAND
ICE CARNIVAL
To Be Held On
STRATHMORE RINK
Wednesday Evening
JANUARY 21st, 1925

Carseland Centre-shots

U.F.A. meeting next Saturday, January 17th, in the afternoon. A long list of resolutions to be considered and final instructions to our delegates to annual convention to be given, and other business vital to the community. A full attendance is desired.

Mrs. Hans Lausen has been sick for some time; having been in a very critical condition last week, but is reported to be much better at date of writing.

Mrs. Mead Moore left for her old home in Pennsylvania last Wednesday, having received word of the serious illness of her mother. Master Harry accompanied his mother.

SPECIAL NOTICE—A very important meeting of the Wheat Pool Local at Carseland will be held Saturday, January 17, at 2 p.m. sharp. Some questions vital to every member of the Wheat Pool will be discussed, and a line of action mapped out. Please come and help run your own business, or someone else will run it for you.

The new man behind the counter at Hill's hardware seems very congenial, and always ready to please, but the limit was reached the other night when a fellow got him up out of bed because he wanted a pound of staples. Just as I had a "dandy" bunch of stuff written up for the special benefit of our friend from Baintree, he up and announces his departure for the land of roiled oats and empty bottles. Never mind old man, we'll be waiting for you when you get back.

When all is said and done there is nothing like a little friction in school matters to assure a full attendance at the annual school meeting. Probably ninety per cent. of the ratepayers of our school district were present last Saturday. The affairs of the district were given very carefully and completely, especially the financial statement. The school board was sustained by a very large majority in their action of providing but one entry period for grade one, the same being at the beginning of the year, in September. The Perad's district elected a trustee for a period of two years. The result of the balloting showed Mr. Frank Nash, the former trustee, to be

Cheadle Notes

Orrie Edwards spent a few days in Calgary during the past week. He also took Rosalie to Calgary and put her under the doctor's care for a while.

Frank Amidon was a business visitor to Calgary during the week.

Mr. and Mrs. Charlie Hartell are home again, and Mrs. Hartell is feeling a lot better after a long siege of sickness.

The Cheadle school district held their annual meeting on Saturday, the 10th, and last year's trustees were re-elected again. Mr. J. G. Miller and O. Edwards holding over for two years, and O. G. Craig for three years.

The government telephone repair gang have finished up their work in this district, but there will be a little work left for the local trouble-man on the rural lines.

The new A. P. office is about completed, and will be open for business as usual this week.

Namaka Notes

Mr. and Mrs. Wheeler arrived home on Friday last from the States, in which place they have been visiting.

Three carloads of hogs were shipped from this point last week.

The telephone gang has been busy in this district all week.

Hammer Hill School annual meeting took place on Saturday last, when Mr. D. McInnis was re-elected. It was decided to cancel the building of the school teacherage for the present. School re-opened on Monday, January 13th.

Mr. and Mrs. H. T. Colpoys were visitors of Mr. and Mrs. J. P. Innan.

returned to office. At the close of the meeting the school board held a meeting in which Mr. G. C. McInnis was elected chairman for the coming year, and it was also decided to advertise for bids on the secretary-treasurer's job.

Standard News

A most enjoyable evening was spent at the Banner Hotel on Friday last, when Mrs. Geo. Webb and Mrs. A. L. Williams entertained at a whist drive. Twenty-four hands were played at seventeen tables; the prizes going to Mrs. E. Wagner, Mrs. Wm. Drysdale, and Mr. D. Svendsen. After the distribution of the prizes a social supper was served, followed by a dance hour.

Miss E. Lemmon returned on Monday to her duties at Craighalter, after the Christmas holidays spent in Calgary.

Born-to Mr. and Mrs. A. Messenger, on January 7th, a son.

Mr. Axel Larsen returned from Calgary on Friday.

Messrs C. Anderson and A. Neilson were passengers to Calgary on Tuesday's train.

Miss Zola Krebs, of Great Falls, Montana, spent the holiday season with her sister, Mrs. L. A. Storey and Mr. Storey, and left on New Year's day to resume her duties on the teaching staff at Great Falls.

Mr. C. C. Kelly left on New Year's day to continue his studies at the University in Edmonton.

Mr. and Mrs. George Nygaard and son, Vigo, left on Monday for Waterloo, Iowa, going via Winnipeg, where they will stop over for a short time.

Mr. and Mrs. Albert Peterson have returned from their honeymoon spent in Calgary, and are residing on their farm north-east of town.

Mr. and Mrs. Albert Peterson and infant daughter returned from Calgary on Monday.

Messrs Alexander and Gammann returned to Standard on December 29th, after spending Christmas at their homes.

Mr. J. Seested paid a visit to Keoma recently.

Misses C. and M. Peden returned to Standard on Monday after spending their holidays in Maskeod and Calgary.

Mr. and Mrs. F. Christensen entertained at a large dinner party on New Year's Day.

ESSAY COMPETITION FOR
BOYS AND GIRLS
\$10 Prize

For the best essay on the subject "Why We Should Stay at Home," a prize of \$10 cash is offered by a merchant in the district. Essays can be sent in by any boy or girl attending a town, village, or rural school within a circulation radius of the Standard which takes in roughly the territory north to south between the Bow River and the Rosebud, including Belstar, after next to east from Langdon to Namaka.

Inclusive. The essay is to consist of not more than 500 words, and to be sent in to the office of the Standard on or before January 31st. Mark "Essay Competition" on the outside of the envelope. Points will be given for material, arrangement, spelling, neatness, etc. The judges will be the principals of the schools at Strathmore and Irricana, and the editor of the Standard. The prize winning essay will be published in the Standard.

There are no conditions to this competition, other than those outlined. And no entry fee. The money is now in our office, waiting for the successful competitor.

NEW COLLEGE PLANNED
A new Roman Catholic University Hall, to cost a quarter of a million dollars, and to be affiliated with the Alberta University, is planned for Edmonton, it is announced.

Hockey

Season Opens With Gleichen vs. Strathmore Game.

Though short notice was given, a good crowd attended the opening hockey game at Strathmore rink on Friday, and saw a close, fast game, the visitors winning by an 8-3 score. The game was even most of the way, but the Gleichen boys showed more combination, while their goalkeeper was on his toes all the time and saved some hard shots.

The easterners are a fast bunch of youngsters. Strathmore team played a good team, but as this was their first game of the season, they were a little stiff, and may be looked upon next game to make it interesting for any visiting team.

The Gleichen boys came in on the afternoon train, and were sleighed down to Strathmore in time to catch the early morning train.

Teams were as follows:
Gleichen—Goal, L. Wilson; defence, Oppie Wilson and Doc Wright; forwards Brown, Bert James, St. Michael, Sube, Lyon and Holland.

Strathmore—Goal, Gene Gifford; defence, McFarland and Gannon; forwards Geo. Giroux, W. Gray, A. Giroux, Sube, Bishop, Storey, Jenkins.

The return game with Gleichen will be played tonight (Wednesday), the Strathmore boys returning via Strathmore.

Apparently the Bow Valley League of which Gleichen was a member, has fallen through owing to the inability of Bassano to produce a team. Strathmore will welcome a game with any of the towns along the line.

ICE CARNIVAL

Under the auspices of the Hockey Club, a big ice carnival is to be held in the Strathmore Skating Rink on Wednesday, January 21st, the day after the skating and your fancy comes round. The band will be in attendance.

Bowling

The Strathmore League does not show much change, the Coyotes still leading by a short margin. Results up to and including Monday night were as follows:

	Played	Won	Lost
Coyotes	33	23	10
Gingers	20	19	11
Wanderers	33	17	16
Ramblers	27	14	13
Go-getters	24	13	11
Budgers	27	13	14
Beavers	27	8	19
Nightingales	21	5	16

Following are results of games played up during the week:
January 6—Coyotes (737) 2, Beavers (621) 1.

January 7—Gingers (680) 2, Wanderers (607) 1.

January 9—Go-getters (380) 3, Beavers (306) 0. These games were played with three men only on each team.

January 12—Coyotes (606) 2, Wanderers (601) 1.

Coyotes (685) 2, Ramblers (585) 1.

Curling

Games for the Brewery Trophy are in full swing, the results up to date being as follows:

"A" Group			
Skips	Won	Lost	
Jones	2	0	
A. Gray	1	2	
Way	2	1	
Barber	0	2	
Van Tighem	2	1	
Poole	0	2	
Lodmell	1	2	
Wright	2	0	

"B" Group			
Whiteside	Won	Lost	
Hyde	1	1	
Warren	2	0	
Quinn	2	0	
W. Anderson	0	2	
R. H. Anderson	2	0	
Haubly	1	1	

play in this competition continues till the end of next week. The balance of dates are due on the 15th, and are payable not later than that date.

J. M. WARREN,
Secretary

::LOCAL JOTTINGS::

People in the vicinity of Nightingale have been alarmed by someone discharging a shotgun last Monday evening near the bed of the Serviceberry Creek.

A correspondent will say: "Having seen a copy of your paper for the 7th time, I must say that I have become quite interested in it, especially as I noticed that you do not belong to the Western Union List, that base of most local publications. When an editor writes to me, really representing the people of his own locality, why I say 'Let's all pull together'."

Mr. H. Fox last week installed a new Decca light plant for the lighting of his store.

Strathmore is to have a visit shortly from the All-Black rugby team of New Zealand, which toured England and never met with a single defeat. They are returning home by way of Canada, and are to stop off and view the Demonstration Farm. While we cannot give them a rugby game, we might put on an exhibition hockey and curling game for their benefit, and at any rate sports should be taken by our Board of Trade and sports organization to see that they are entertained.

The standard is this year handling a fine line of calendars, printed by a Canadian firm. Don't place an order with an outside salesman before seeing our selection.

A sale novelty is the \$210 photograph which is being offered by the Strathmore Trading Co. at a reduction of \$1 for each month. It is offered for sale without being sold. It is an extra good buy now, and is well worth attention.

The new train schedule took effect on Sunday.

Strathmore Hockey Club are putting on an ice carnival in the near future.

The dance given by Jean Pomeroy's Radio Orchestra on Monday evening was much enjoyed by a good crowd despite the state of the roads. The music was very good. It is probable this organization will pay a return visit to Strathmore in the near future.

The music of Strathmore Citizens Band was much enjoyed at the Skating Rink on Thursday evening.

New Year resolutions are easily broken. Two local men, however, are going to make the breaking expensive. They have entered into an undertaking, employing the services of a lawyer, not to touch liquor for the whole of this year, the penalty on one side being \$200, and on the other the building owned by the waiver. They are hoping they both keep the resolution.

Don't forget the performance of the Musical Band at the Memorial Hall on Saturday.

The sidewalks are being cleaned in the observance these days. Some of the sidewalks still carry about two feet of snow, giving considerable an unduly effect. "How's that, umpire?"

This is an old-fashioned winter, and the old-fashioned horse and the old-fashioned sleigh are again on top. Where are the drivers, the sedans, and the supplies of yesterday?

OF LOCAL INTEREST
Readers are requested to send in items in this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 1 or 68.

The beautiful streamline effect on some of the automobile designs to be seen on our streets these days is to be marvelled at. If we had only run on to our old packing cases we would have had a sleigh ourselves.

Tommy Elve scheduled to pass the part of Old King Coal at the fourth coming pantomime to be given here shortly for the relief of distressed coal miners. Charlie Keeling and the other coal dealers will represent the fiddlers three, using shovels or fiddles. Nothing extraordinary in that. Bill Kayser once gave a band solo in the old Opera House with a cigar box. Bob Gray will give a tenor solo, "Keep the Home Fires Burning." There will be a story in the play.

Boys and girls. Do not forget about the \$10 Essay Competition for the best essay on "Trading at home."

Dick Bailey sent in an essay for the \$1000 Peace Prize, but was defeated by the President of Jordan University, U.S.A., which is an accomplishment in itself. But how can a man raise Irish Cobblers and yet write a peace essay.

Now is the time for all good men and true to get busy on their income tax returns.

Next month is the time for elections, town and municipal district. Aspirants for municipality should now be girding their armor on for the fray.

Sunlit Charlie Says—

Comparative Tax Burdens

The "Calgary Herald" comments on the fact that the tax burdens, or ratio of taxes to national income, has increased since 1913 80 per cent. in the United States, 107 per cent. in Britain, and 25 per cent. in France. The high rate in Britain the Herald attributes to strikes and unemployment since the war.

Another explanation that seems more reasonable is that Britain is paying her war debt and reducing her total indebtedness, while France is not. Also the British pound is worth now over \$4.70, or only a few cents less than par, while the French franc is only worth a third of its pre-war value. France is now asking for a Moratorium on her international debts.

To attain solvency means additional taxation, which Great Britain has cheerfully faced. The French Government, like some other European Governments, has not had the courage to levy taxation to cover expenses, but has met the situation by issuing additional paper money, thus depreciating the currency.

Depreciation of currency in European countries is responsible for much unemployment in Britain.

A United Canada

Mr. Hoey, Progressive M.P. is being strongly attacked for asking at Brandon recently if Canadian citizenship cannot be maintained on Basis of Equity and Justice to All, Why should it be maintained at All?

The West would still be unopposed in its influence on Eastern Canada as a market for its products, and, as a separate Dominion, could secure Free Trade with Great Britain, stay within the Empire, and probably be on a better trade footing with the U.S.A. than at present.

The ambition of some of our Eastern politicians seems to be to cut loose from the Empire as far as duties and responsibilities are concerned, and why should Western Canadians be deemed dissatisfied if they express a desire to retain their Empire partnership rather than be maintained as a preserve for Eastern Canadian goods to the exclusion by tariff of British goods and those of other buyers of Western products.

No one wishes to split Canada into two parts, but if the development of Western Canada is to be arrested because of the necessity of paying a tariff increased price for the articles we buy, while our produce is sold at world price, then the position will become unsupportable.

The price of wheat today is almost twice what it was a year ago. The rise in price is not due to the demand of the Canadian market. If it were not for the free market of Great Britain Western Canada would today face penury, and yet besides the obstacle of 5,000 miles of land and water, we have a tariff against British goods.

Surely our Eastern friends will see the inconsistency of this before it is too late to heal the breach between East and West.

Taking Stock of Alberta

Readers will note in this issue a full page dealing under the auspices of the Alberta Press Association. The facts regarding the province in which we are all fortunate to be located are well worth recapitulating, and we trust will be closely studied.

Widen the Sleighs

Many farmers are wishing now that sleigh tracks were as wide as those of motor cars. If they were the roads in this part of the country would be open to motor cars, instead of being completely blocked, as they have been for the past month. It is no light undertaking to have to drive ten or fifteen miles into town in a sleigh these days. Almost every farmer owns a motor car, and the journey to town could be made in a third of the time and with much comfort if the roads were open. We would suggest that delegates take the matter up at the forthcoming U.F.A. Convention, and also get their local member to see that a measure making wider sleigh compulsory is introduced in the Provincial Legislative Assembly.

The matter was brought up some years ago, but since then we have enjoyed several winters with light snow, fall, and the necessity for pressing it was not apparent.

The U.F.A. and Egypt

The "Red Deer News" says: "We wonder if W. Norman Smith, editor of the U.F.A., voices the sentiment of his party when he says that England's actions in Egypt are worse than Austria's demands after the Sarajevo murder, or when he says Canada should not be governed in peace or war by a high-handed British government. We also wonder what part the said editor took in the war."

The members of the U.F.A. are each assessed towards the expenses of publication of their official organ, but we are sure the great majority have no sympathy with the views of its editor in this matter. Egypt was formerly a colony of Turkey, but owing under a British protectorate. Since to Turkish incapacity was brought then the country has developed amazingly under irrigation, the fulfane have been given justice, and Egypt protected from invasion by Madinet, Dava, and other financial tributes. In the Great War, Britain took Egypt from Turkey, and gave the land of the Pharaohs independence, but since the given independence the Egyptians have pressed a demand for the annexation of the Sudan, descending to intimidation and murder in their efforts. They bit the hand that fed them, and the pebbles have been exacted, which seems right and proper to all but the editor of the U.F.A. and a few other Anglophobes. The U.F.A. editor has also some peculiar views on the League of Nations, the only practical instrument so far devised to help the world towards permanent peace.

Britain's great interest in Egypt is naturally, the Suez Canal, and her action in seeing that tranquillity is preserved in the neighborhood of the Canal is similar to that taken from time to time by the United States in regard to the Republic of Panama. Canadians would not let it if it were not for the fact that world markets were waded up by trouble on the banks of the Panama Canal, and they can appreciate the action of Britain and the U.S.A. in keeping these vital arteries of commerce free from interruption. The editorial views of "The U.F.A." might well be taken under consideration at the annual convention of the organization this month.

HUDSON BAY PLANS BUILDING PROGRAM

In conjunction with the carrying out of building plans is other cities on the prairies, the Hudson Bay Company announces the purchase of additional property in Edmonton, and the decision to proceed with the erection shortly of large additions to their present store premises. The company erected a large seven-story store in Calgary some years ago, but the building program instituted at that time was interrupted by the war.

Taking Stock of Alberta

THERE is no doubt that Alberta's fundamental position, her progress to date, and the conditions that have a bearing on her future development are such as to afford a sure basis for faith and confidence in this province and in the early realization of its vast possibilities. It is well, however, that the people of Alberta should make periodic examinations of these various factors in order that their individual faith and confidence may be strengthened and there may be stimulated that individual and collective initiative and enterprise which are so essential to the development of a young province.

It is peculiarly fitting that such an examination should be made in this first month of a new year when stock-taking is the order of the day in business establishments the world over. In these the goods upon the shelves and in the storehouse are being revalued, the records of development to date are being analyzed and estimates of probable development in the future are being made—all with a view to the adoption of such policies as will hasten that development and make it more profitable. This is equally necessary in public affairs and the purpose of this page is to present to the people of Alberta the results of a careful stock-taking of Alberta's progress to date, present position and probable development.

A Steady Growth Along Educational Lines

NOT long ago commercial lines alone that Alberta made rapid development.

The provincial university, starting with three rented rooms and an enrolment of 45 shortly after the province was formed, has now a plant valued at over \$1,000,000 and an enrolment of 1300. It has attained a worldwide reputation through its high educational standards, administrative efficiency and the outstanding character of special work of its president and other members of its staff.

The Institute of Technology and Art at Calgary, established at a later date, has already an enrolment of 1400.

In the public and high schools enrolment has increased five-fold while the increase in value of school properties has been twenty-fold.

Regular classes in these institutions have been supplemented by correspondence and lecture courses and traveling libraries arranged by the University of Alberta.

A provincial research council has been established for the purpose of promoting scientific knowledge and scientific research particularly with regard to Alberta's natural resources. Individually as well as collectively there has been a marked development in attention to the finer things of life—the fine arts and sciences—spiritual thought—mental—social and spiritual ideas.

A Message From the Premier

AS we pass each milestone of the passing years, particularly when conditions generally have been somewhat abnormal and consequently difficult, it is timely and it is good business practice to quietly review our position—to take stock.

We have progressed in Alberta in 1924.

Agricultural conditions in this province compare very favorably with the conditions of the industry in the other provinces of Canada and in other countries. There has been a steady, sustained improvement in agriculture in 1924, which has been reflected in the gradual betterment in general business in the West. Nothing spectacular about it, but an indication that the strain of the past few years is surely easing off, that the process of readjustment is going on apace, and that we may reasonably look for continued improvement, leading in the near season to a return of sound normal prosperity. How soon we reach it will depend in large measure upon our faith in Canada and our confidence in ourselves.

It has been said that with a great deal of faith that confidence and enterprise begets prosperity.

May all Albertans by their confidence and enterprise establish their claim to it in 1925.

H. GREENFIELD
Premier of Alberta

Rich Natural Resources Basis of Prosperity

AT the very foundation of Alberta's progress and prospects must be placed the rich natural resources and favorable climatic conditions which a kind Providence has endowed this province.

These are such as to have made Alberta's yield of wheat and oats higher on a ten year average than those of any other province or state on this continent and of a very high quality also. Alberta has won two world's championships in wheat and five in oats and at the last five international shows at Chicago 115 other prizes in these two grains.

The same natural conditions are very favorable to the raising of livestock also. During the past four years livestock from this province, competing with the world, has won 48 prizes at Chicago, 101 at Toronto and 40 at Guelph—these including 10 championships.

Alberta has 89% of all the coal in Canada, and 14% of the world's coal supply. Her timber resources are considerable. She has other substantial natural resources in tar sands, gas, fish and game and there is good reason for believing that oil in commercial quantities will yet be found.

But even such an extent and variety of natural resources would be of little actual value today without reasonable prospect of early development. Estimates of these must be based in part on the record of actual development to date.

The 19 years since Alberta became a province form a natural period for a review of provincial development. What then is the record of development during that period?

—In population the increase has been four-fold.

—Railway mileage has increased almost five-fold.

—Wheat production has increased about twenty-fold.

—Livestock production is twenty-nine times greater, comparing the yield of 1905 with the average of the past five years.

—In oats on the same basis of comparison, the increase has been seven-fold, the average for the past five years being 75% of old Ontario's production for the same period.

—Livestock herds have increased, but in smaller proportion, and this province has now two of the four largest stockyards in Canada.

—Creamery butter production has increased from the negligible quantity in 1905 to 21,000,000 pounds in 1924.

—Poultry products have increased seven-fold until today Alberta has more hens per capita than any other province in Canada.

—Fisheries which were of no commercial value as late as 10 years ago are now adding \$400,000 annually to Alberta's production.

—Coal production now exceeds that of Nova Scotia or British Columbia being 46% of the total for all Canada.

—Manufacturing—practically unknown in 1905—represents today an investment of over \$55,000,000 and gives employment to over 12,000 people.

—Tourist traffic, also a negligible factor in 1905 has been greatly stimulated by improved roads and the establishment of five national parks and today brings to Alberta an annual expenditure of from \$15,000,000 to \$25,000,000.

Summing up in terms of single year's production, the products of agriculture and other natural resources represented in 1923, total value of \$240,000,000 to which must be added \$45,000,000 for other manufactured products.

Alberta's Development at a Glance

	1905	1924
POPULATION	180,000	637,000
WHEAT PRODUCTION, bushels	3,038,943	65,000,000
OATS PRODUCTION, bushels	11,728,314	63,000,000
COAL PRODUCTION, tons	811,228	5,000,000
NUMBER OF MEN EMPLOYED IN MINES	1,800	12,000
VALUE COAL PRODUCTION	\$ 3,000,000	\$ 20,000,000
RAILWAY MILEAGE	1,060	4,700
ACREAGE UNDER CULTIVATION	616,821	12,000,000
BUTTER PRODUCTION, in pounds	1,000,000	21,000,000
SCHOOL ENROLMENT	28,784	128,000
NUMBER SCHOOL DISTRICTS	585	2,388
CAPITAL INVESTED IN MANUFACTURING	—	\$ 55,000,000
YEARLY PAYROLL IN MANUFACTURING	—	\$ 63,000,000
NUMBER EMPLOYED IN MANUFACTURING	—	12,000
UNIVERSITY ENROLMENT (1908)	45	1,350
VALUE POULTRY AND PRODUCTS (1912)	\$ 2,000,000	\$ 9,000,000
VALUE AGRICULTURAL PRODUCTS	\$ 20,000,000	\$ 225,000,000
NUMBER OF FARMS	25,000	90,000

—Year of 1923 was record. Yields of that year were 167,000,000 bushels wheat and 140,000,000 bushels oats.

—Total reduced by 7 1/2 months' coal strike. Total tonnage for 1923 was 6,855,000.

Factors That Assure Rapid Development

THERE is sure ground for believing that Alberta's development in the near future will be even more rapid and more prosperous than heretofore.

No other province stands to gain quite as much from the more aggressive immigration and colonization policy which is almost certain to be adopted in the near future by the federal government. Alberta has a larger proportion of unoccupied arable land than any other province and it is largely to all settlement in this province that immigration and colonization efforts would be directed.

Outside capital also will come into Alberta in increasing measure. Her record of achievement to date and her rich natural resources will arouse a wide-spread interest in the possibilities for investment within her borders.

A general reconstruction of freight rates cannot be delayed much longer and this will mean much to Alberta. Heretofore this province has been at the very peak of the freight rate structure fashioned on the original idea that all exports and imports must travel via the long route to and from the east. Following the opening of the Pacific

Panama route there is in process of development in transportation a Pacific watershed as well as one tributary to the Atlantic. When this is given full effect in freight schedules Alberta will realize the advantage of her geographical position close to the Pacific coast and to water routes to Europe. This will mean lower freight rates to Alberta farmers on all they sell for export and lower cost to all in Alberta on what is bought in from other provinces and countries for consumption here.

Extension of trade with the Orient will hasten Alberta's development. Already new markets are being found there for wheat, flour, livestock, butter and cheese products in this province. These markets are certain to be extended. Based on the noted economist's, says the great trade of the future will be with the Orient. Alberta, as the most westerly of Canada's prairie provinces, is in a very favorable position for supplying the Orient's requirements in agricultural products.

National considerations will bring about in the not far distant future the use of Alberta coal in Ontario and this will give a great impetus to the coal industry of this province.

Within the province itself several conditions are working in the same general direction. Alberta has today the accumulated knowledge of three decades of experiment with soil and climatic conditions in this province and many of the mistakes common to all new countries can now be avoided. Herds of seed and strains of stock peculiarly fitted to local conditions have been developed. There is a steadily increasing tendency towards mixed farming which, in addition to lessening the risk to the individual farmer, will make for intensive settlement, permanent buildings, and general better living conditions. Co-operative marketing is another factor already introduced in this province that will tend to make agriculture more profitable and more attractive.

Gradually but none the less surely there will come about a vast development in manufacturing in Alberta. This province has great manufacturing potentialities in its coal, natural gas and water power and it may be reasonably hoped in oil also. An eminent engineer has made the statement that Alberta's coal deposits are sufficient to assure that this province will be ultimately the workshop of Canada.

Vast Acres Ready for Settlement

SUCH a record of achievement would inspire confidence in any province. It is all the more inspiring and hopeful because made by a new province using but a small portion of its natural resources.

With all her development in agricultural production only 15 per cent of Alberta's arable land is under cultivation. At least 20,000,000 acres—no thirds greater than the area now in use—is still lying idle and unoccupied within 25 miles of constructed rail ways. Of these half a million acres are within the boundaries of established irrigation districts requiring only the construction of laterals to make them fully irrigated land.

All of these factors and certain conditions that will make for more rapid development in future constitute the great strength of Alberta's present position. With an area twice that of the British Isles, Alberta has only one and a quarter per cent of the population of the United Kingdom. Within the borders of this province there could be accommodated geographically the whole of Germany or France or nine of the most populous of the New England and Atlantic States. The frame-work for a large population, engaged in a wide variety of pursuits and representing a production of high commercial value has been largely prepared. That preparation has imposed a heavy burden upon the relatively few people who had to bear it, but the filing in will bring increased prosperity to them and good returns to those who are attracted to this province in the process.

Confidence and United Effort Necessary

BUT back of all these various factors there are three others that are requisite to the adequate development of this province. These are:

1. An intelligent, well-founded confidence of all the people of Alberta in this province and in its future.
2. A definite, soundly based programme of development.
3. A shoulder to shoulder movement of all the people in promoting Alberta's development.

With these three last mentioned factors in full force and operation in conjunction with her great natural advantages, there is no doubt whatever that Alberta will move forward with increased rapidity to the attainment of the great destiny for which Providence has so evidently prepared this province.

THIS page is published by this newspaper as part of a united effort of the Alberta Press Association to place before the people of Alberta the strong fundamental position of this province, her progress to date, and her probable development. Alberta Press Association includes in its membership the great majority of the daily and weekly newspapers of this province.

BURN EAGLE COAL

Don't give up your money for poor coal, as it is as hard to burn as a fire-proof building. Order coal on its combustibility. The quality lies in its combustibility, its ability to ignite readily, give a steady heat, and reduce to the minimum of ashes. The plain truth about coal is that it must give out heat, and not leave a lot of unburned cinders behind. Clinkers are heavy and every pound of clinkers means a loss of a pound of coal.

EAGLE HOUSEHOLD COAL goes furthest and lasts longer than any other. The cleanest and most satisfactory coal in Drumheller field.

Rockyford Locals

Professor University of Edmonton, was in Rockyford on Sunday, and gave some interesting addresses on the subject of "The League of Nations, in the United Church. He also delivered a talk on Friday evening, an illustrated lecture on "Evolution."

Quite a number of townpeople gave surprise party on Saturday, and were on Sunday evening. About twenty people were present, and a pleasant time was spent.

Father Bolt's postponed recital takes place in the Atwater Temple, Calgary, on January 16th, under the auspices of the Knights of Columbus. Calgary musical circles are showing much interest in this forthcoming recital.

St. Rita's Church, January 13, High Mass 11 a.m., Catechism 10 a.m., Rev. Fr. Bolt.

Mr. J. F. Best has been very sick with pneumonia last week, but we are glad to report that he is now improving.

Last Thursday, at the Rockyford Hospital, to Mr. and Mrs. G. Osmund, Nightingale, a son, Dr. Tiffin was in attendance.

We are glad to see Nurse Ruth Elliott with us again after a lengthy stay in hospital at Calgary.

Mrs. M. E. Tiffin and son Harold Bruce, have returned from a visit to Calgary.

Don't forget to be at the big Ice Carnival and Dance, Friday, the 16th. The broom ball game will be of special interest.

The cribbage tournament went off with a bang last Friday, there being about sixty-entrants. Under the auspices of the Ladies' Club, the tournament is expected to finish by February 12, when there will be another social and dance. Tournament for single, double, and booby prizes.

Wheatcrates school concert and box social on Wednesday evening of this week.

Rockyford Valley held their school concert on Monday evening. A fair crowd was in attendance considering the weather, and the various items were very much enjoyed.

A hockey match between married and single men was held on the rink last Sunday, the married men winning by 9-6. One man rushes featured the game, except for occasional combination plays by Harwood and McLean, of the married men's team. Single men, if you wish to win you must play combination.

(Ed. Standard—"That's right, Bert, but the best combination is the matrimonial one, and then the boys won't be eligible for the single men's team.")

The golden sale held by the Rockyford Drug was very successful. The fish came to town in good shape, and were in great demand.

Mr. G. Shapter, of Edmonton, assisted Mrs. Myers with the music at Friday night's dance, and the local people appreciate very much his kindness in donating his services.

Citizens of Rockyford and district will be pleased to learn that Mr. L. L. Plotkins has succeeded in interesting a number of Calgary business men in a new trading firm to be known as the Eagle-Globe Oil Company of Rockyford. When interviewed Mr. Plotkins made the statement that the Company would erect a new store and office building as soon as the fuel was out of the ground, to house the Company's activities. This building will embody modern and up-to-date features in the handling and distribution of its products, and for the convenience of its patrons. The sale of coal and petroleum products in all its branches, both wholesale and retail, is the object of the new firm. The Company have taken over the coal plant and facilities of the Terrillier Grain Company, at Rockyford, and the plant of the oil business previously conducted by Mr. Plotkins. More details next week.

GOOD ATTENDANCE AT DAIRY COURSE

More than a score of creamery workers from various parts of the province, attending the special dairy course at the University which opened last Monday and will continue until Saturday, January 24th.

Rosebud Notes

Another party in the A. E. Vigar hotel last week. All report a good time.

The Hyman Bros. were busy. They are putting up the summer supply of ice.

Warren Riley was looking after his affairs around here last week.

Mr. and Mrs. Hyman entertained Mr. and Mrs. Chas. Comstock, Mr. Philip, Mr. L. W. Comstock, Mr. and Mrs. Arthur Weston, Mr. and Mrs. R. Brunner and son Dale for a 6 o'clock dinner on January 8th.

P. L. Moran left for Toronto Saturday evening.

A. E. Vigar spent Thursday in Drumheller, meeting with the hospital board.

The Gross has a new addition to his town house, a large kitchen.

Mr. Jen George is suffering from a sprained ankle.

Mr. and Mrs. A. E. Vigar and Mr. Moran spent Wednesday at the W. J. Chas. house and enjoyed a fine dinner.

Mr. Geo. Gow is residing in our city, keeping house for the young people while they attend school during the absence of Miss Ruth, who is in Calgary taking medical treatments.

Calgar Harber helped "Doc" Kemp bring in his bags for shipment Tuesday. It's a good way to learn the young man's disposition at any rate.

L. W. Comstock in Calgary again? What's the attraction, Lester?

After this the Cooperative will be open only Tuesday and Saturdays during the winter months.

Mr. and Mrs. Doc Kemp and daughter entertained for eight o'clock dinner Thursday evening for Mr. and Mrs. Chas. Comstock and Mr. and Mrs. R. Brunner and son, and Mr. Logan Gow.

Mrs. A. E. Vigar won a lovely box of stationery as prize at a bridge party Wednesday evening.

Mr. "Shorty" Cox is visiting her mother in Calgary during the past week.

Mr. Bryan our most capable teacher, has been ill.

Mrs. Irvine is giving a concert at the Grasswood school house Saturday evening, January 10th, but cannot report owing to the change in train service. These items must leave here early.

The Hard Time dance given in the hall was quite a success, and everybody had a good time. Mr. Archie Gow and Engham Bros. furnished good music for the merry dancers.

Mr. Dewiler is on the sick list. A noisy dance to be given in the hall Friday night. Everybody come.

Langdon Locals

At the annual school meeting held in the schoolhouse January 13, Mrs. L. C. Cowen was elected a trustee for a term of three years. The treasurer's report showed the school to be in financial condition financially, and the inspector's report was a very good one. It is to be regretted that none of the ratepayers did not attend this meeting, and thus show an active interest in school matters.

Mr. A. Botsford, of Portland, Ore., is visiting his father, Mr. O. Botsford.

Two fairly sleigh loads of Rebekah and their husbands, invited the home of Mr. and Mrs. R. Wade, at Cheagle, Friday night, and made merry with "800" and oyster stew.

Mr. and Mrs. H. L. Griffin and Mr. Roy Jesse were visitors to Calgary during the week.

Victoria and Freda Alcock were weekend visitors at the home of Betty Wade, Cheagle.

Many of the people around here enjoyed the splendid concert band, organized by the Calgary Women's Institute on Thursday, January 8th. Mrs. Nellie McClung was the principal speaker.

The Langdon W. I. is having a "5000" party in the club room Friday, January 16th.

Mr. and Mrs. Lloyd, of Calgary, visited with relatives the first part of the week.

Miss Thelma West, of Zolanda, Sask., is a guest at the home of her sister, Mrs. P. Fortin.

And have a good time.

Mr. and Mrs. Chas. Comstock, and Mr. and Mrs. E. H. Schady were dinner guests at the Porter home Friday evening.

Many friends met at the station to say goodbye to the Comstock family Sunday morning.

Mr. Kemp and daughter, Miss Georgia, are taking apartments in Calgary for a month. During that time Miss Georgia will be under the doctor's care.

Two hundred and sixty boxes were shipped from Rosebud last week.

Mr. and Mrs. Jack Prater entertained the Jones family Sunday evening.

The co-operative shipped three car loads of hogs Tuesday.

Balemeau Doings

If the rabbits hopping around these days were dollar bills we would be well off for this winter.

The Dalmatian U.F.A. held a very successful meeting on January 8, when quite a number turned out to attend. The following were elected officers for the coming year: President, Martin Van der Velde, vice-president, and Jack Hobbie, secretary. The delegates to the Convention were also elected, and these are E. Phillips and M. Van der Velde. The next meeting will be held on January 15th, when some of the resolutions before the convention will be discussed.

The U.F.W.A. also held their annual meeting the same afternoon, and held quite a successful meeting. Mrs. L. C. Cowen was elected for president, and Mrs. J. Holmes, secretary. Mrs. A. Phillips was elected delegate to the coming convention.

The U.F.W.A. also held their annual meeting the same afternoon, and held quite a successful meeting. Mrs. L. C. Cowen was elected for president, and Mrs. J. Holmes, secretary. Mrs. A. Phillips was elected delegate to the coming convention.

Hobby Tusdell returned to Victoria, B.C., on January 12th, where he will be attending Bremwood College.

Mrs. Ray Newton left for Chicago, visiting relatives and friends there.

M. L. Nelson and Leonard spent a few days in Calgary last week.

The farmers of the district got together last week, and shipped three cars of pigs to Calgary.

The supervisors of the Junior U.F.A. were elected last week at the meeting of the Seniors. The U.F.A. will be represented by J. H. Dixon and W. F. Evers, and from the U.F.W.A. by Mrs. Van der Velde and Mrs. A. Van der Velde.

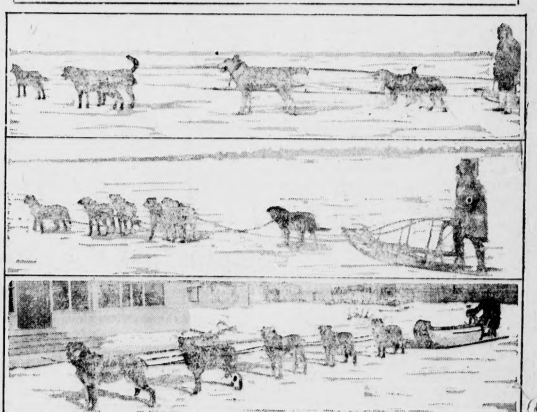

With such an able representation from the two parent locals, we Juniors should have a successful year.

Probably one of the most interesting and outstanding events held this winter was the toboggan party at Mr. Dixon's place last Saturday, January 10.

A large crowd gathered in the morning, and by the afternoon there were enough for a picnic. The sleighing was excellent, and it was fine going down, better than climbing up, anyway.

In the evening hot dogs, Murphy, soup and cocoa was served to a hungry crowd. After supper the ice was cleared, and a number of the younger set tried their luck at dancing in this fashion. Others went back to the toboggan slide, and thus the time flew by. The party broke up around eleven o'clock, and we all hope to repeat the fun we had some other time.

ANNUAL DOG DERBY AT THE PAS

Upper photograph shows C. B. Morgan's team, winners in the 1923 derby, with W. Grayson driving. In the center, Sherry Kasech, with his 1924 winner, which finished the 250-mile non-stop run in the record time of 23 hours 25 minutes. The lower photograph shows a sleigh loaded with 100 pounds weight, ready for the two-day freight race, which is an added feature of the 1925 derby.

This year the teams will race 30 miles each day for two days. The object of this is to promote the breeding of good freighting dogs.

The Carnival Queen contest is already attracting much interest with entries having been made from several western cities and towns. The queen and members of her court are the young ladies who secure the highest number of votes and these have all their expenses paid to and from the derby, and are also guests of honor during the entire week that the carnival is held.

A dog-team team freight race has been added to the programme this year to provide a new feature. In this sleigh will be required to carry a load of 100 pounds and the

HARDWARE

Is a term that covers many things, "from a needle to an anchor." There is no sale for anchors in this locality, but everything else we have in stock, from needles to ranges, and we have the right prices.

When you are tempted to buy from a catalogue, send prices before sending your good money away, never to return. Some things look better on paper than in fact, and hardware is among them.

Yule District Notes

Vern Green left Monday, January 13th, after having spent an enjoyable week at home, to return to Kew, where he has work for the winter.

Word has been received that Edith and Ray Green have arrived safely in Zimbalda, N.D., where they are to spend the winter with relatives.

Mr. Chartrand and his son Guntrand left some time ago for Montreal, where they are to spend the winter. The three younger boys are in charge of the farm.

The young people of the Meadow Brook community are giving a dance at the Community Hall on January 15th. The music is to be furnished by the Louis orchestra; the proceeds are to go to help pay for the hall.

The girls of the Meadow Brook community have formed an athletic club. The number of members are only about seven, as some of the girls have gone away for the winter. The club would be pleased to have our girls join. The girls are planning a baseball team in the summer, and hope some of the small towns will also organize a team. The next meeting of the Meadow Brook Athletic Girls Club is to be held at Cunningham's on January 17th, at 1 p.m., and cordially invite anyone who is interested, to be present.

On January 2nd, a very enjoyable evening was spent when a crowd of about fifty gathered Mr. and Mrs. Thomas Rasmussen. Owing to the crowd they went to the Yule school, where they danced. The bride was much admired in her dress of sky blue satin, headed in white, with blue gorgette crepe drapes. After refreshments were served the groom passed rings of candy and smokes. The party broke up with three cheers for the bride and groom.

The many friends of Mr. and Mrs. Alfred Petersen will be glad to hear that Mrs. Petersen returned home from Calgary, January 5th, with her little daughter, Marlin (Swedenborg).

On January 6th, a very pleasant evening was spent at Mr. Robinson's, where a number of Misses Sammons' friends gave her a miscellaneous shower. Miss Sammons received a large number of pieces of linen, stationery ware, and other useful articles.

NIGHTINGALE NOTES

Mr. and Mrs. I. C. Sloaner have left for the States for their usual visit. The annual meeting of the U.P.W.A. was held on Thursday last at the home of Mrs. E. M. Stoodley, a good number being present. Officers for the ensuing year were: President, Mrs. Ben son; Vice-president, Mrs. Thurston; Secretary, Mrs. Harriman; Delegate to Convention, Mrs. Conary. Also a business lunch was served and much singing enjoyed by those present.

We are glad to see Mr. and Mrs. Mark Longworthy and family back again. They have been spending the past two months at Wayne. Quite a good turnout to the U.P.A. dance last Friday night, and a good time was reported.

The annual Community Association meeting was held on Monday, and the following officers were elected for the coming year: President, R. A. Lambert; Vice-president, R. Gladden; Secretary, E. Thurston; Directors, F. Harriman and M. Longworthy. Mr. W. Koch, of Cooperstown, N.D., is paying a visit to his sister, Mrs. F. H. Harriman.

Election of officers of the U.P.A. took place on Monday last, as follows: President, F. Harriman; Vice-President, R. A. Lambert; Secretary, R. Gladden; Directors, F. Harriman and M. Longworthy. Mr. Gladden was also appointed to attend the Convention. It was decided to have the annual supper for the U.P.A. and U.P.W.A. members on the first Friday of February.

Social-Personal

Rev. A. D. Currie is attending a Deacons' meeting at Calgary this week.

In the note of thanks by Mr. Patrick to those who assisted in the production of the big leave day week, the names of Miss Florence Garret, Mr. J. J. Gannon were inadvertently omitted. Both Miss Garret and Mr. Gannon were of much assistance to the success of the revue, which netted the Golf Club over \$100, after paying expenses.

Mrs. James Martin, of Delmore, has been the guest of Mrs. John Mackenzie for several days. Miss Madge Martin and Mr. Harry Barker, of Okotoks, were also visitors over the weekend.

Mr. and Mrs. F. J. Dunn are residing in Dr. Robinson's home on Fourth Street during the latter's absence.

Messrs R. S. Stockton, G. H. Patrick and T. Schulte attended the annual meeting of the Calgary Branch of the Engineering Institute on Monday evening.

School Column

School re-opened January 5th. We trust that there will be no hitch between now and examinations in June; that pupils will apply themselves diligently to their studies, and that parents will co-operate in every way possible.

The next meeting of the Bow Valley Local of the Alberta Teachers' Alliance will be held on Friday evening the 16th inst., at 6 p.m. It is hoped that all members will be present.

Entries for the forthcoming spelling contest must be in the hands of Mr. J. R. Crowther by Tuesday, January 20th.

ORANGE VALLEY

The Orange Valley annual Christmas concert, which was postponed from Friday, December 19, took place on Wednesday evening last, January 7. The weather was ideal, and a large crowd from Orange Valley and surrounding districts was in attendance.

The programme was as follows: Chorus, "O Canada"; Chorus, "Xmas Bells," by the school. Opening address: Marion Buchner, Recitation, by Edith Bates. "The Goblins will get you"; Dialogue by Phyllis Wathen, Ha Heine, Edith Bates and Marion Buchner. "The Baby's Lullaby"; Recitation, by Teddy Stephens. Chorus by the School, "Jingle Bells"; Recitation, by Phyllis Wathen, "Lazy Little Betty"; The Sleepy Drill, by six children; Song by Mr. Tudor; Dialogue, "Mother Goose's Party"; Solo by Willis Langley, "My Old Kentucky Home"; Recitation by Marion Wathen, "The Country Girl's Creed"; Flax Drill by eight children; Recitation by Mary Korok, "Uncle Sam's Christmas"; Chorus by the school, "Xmas Wishes"; Dialogue, "The Minister's Call"; Duet by Mary Korok and Hazel Hildon, "Where the River Shannon Flows"; Recitation by Billy Bates; Dialogue, "The First Train to Mars"; Closing address by the Editor: God Save the King.

The position of chairman was very ably filled by Mr. H. W. Wathen, chairman of the E. D. After the programme Santa Claus arrived and made the hearts of the children merry with his gifts. Supper was served after which a dance and social time was enjoyed by all.

WORK OF PROVINCIAL LABOR BUREAU

During the past year the various branches of the Provincial Labor Bureau throughout the Province placed a total of 33,941 men in positions, chiefly on farms, and also placed 7,589 women. The cost per placement was 36 cents. The number of placements was considerably lower than the previous year, owing to the fact that a large number of extra harvest hands were placed in the field during the heavy crop of 1923.

CREAMERY SHORT COURSE

A short course for creamery operators, similar to that which has been held from time to time at the Alberta University, is planned for January 5 next, to last until Saturday, January 24. There is no registration fee for this course. Applications should be sent to C. Markler, Dairy Commissioner Education.

Slats' Diary

Friday—well I was sorry for the young man which visited us with a call this evening. He came from the north, being a son of a boy & he is a going to work here in town. He has only got 1 eye and he has two of his fingers in a explosion last yr. He told us he had heard him and girl and got married to her. Pa said, Well if you excuse my Frank was of twinkle and very much afraid that they wasn't very many girls wood marry you. The young man replies and said, O my goodness I think I of them wood be a plenty don't you. Pa nodded his head only.

Saturday—Ann Emily was complaining not being able to go to sleep has note on act of hearing noise. She said to Pa, Do you know in your sleep. And Pa looks over at me and winked and said to her. Well I sense that when I do most of my sleeping at least I have noticed I can't sleep.

Sunday—Mr. Emson has arrived back home from way down in Florida and he says he never wants to live there no more. He said the mosquitoes growed so big that they punched the into his under his eye put on his nose and on his eye.

Monday—Joe Hix was a talking to us via was gone the sat afternoon and he said he did not want to do his wife was getting so she just kept talking to her self all the time. Pa said they was nothing to worry about, he said out to congratulate his self on being lucky.

Tuesday—Blitters Pa has got a new name for his wife. Here of late she has been looking her eye so dead onto him that he has nicknamed her The Watch Party.

Wednesday—Today in school the teacher at Jule about the old saying about the report that Lightnin never strikes twice in the same place and she said him how can it not to. Jule said, Well the reason is that the place isn't there no more after it strikes once.

Thursday—The flannel doctor is looking cold baths to us but he didn't get far with me. The fellow across the creek with took a cold bath after he had ate a big Christmas dinner with a wife and 2 children all alone in the world.

Rosebud Notes

(Held over from last week)

Mr. and Mrs. J. Campbell and Mr. and Mrs. Bert T. McLeod spent Tuesday evening at the Constable home.

Mr. and Mrs. Thorne gave a dinner party on the evening of December 23. The invited guests were: Mr. and Mrs. Wm. Kelly, Mr. and Mrs. Otto Kopp, Miss Nellie Gross, Mr. Robt. Lees and Mr. Frank Engstrom.

A very successful winter drive was held in the basement of the church on the night of December 23th, given by the U.F.A. About forty were present. Mrs. Harry Wilson and Mr. Chas. Rayburn carried off the first prizes, while Mrs. Jack Sangster and Mr. Walter Schultz took the consolation prizes.

Mrs. Geo. Gow is the owner of a new cook stove; and Logan has been taught to boil water without burning it.

Dale Brunner spent a few days in Calgary in the interest of his radio.

Opal and Merl Jones returned to Calgary, January 5th to resume their school duties.

Mr. and Mrs. Wm. Kelly and son, Billie, were Calgary visitors last Friday and Saturday.

L. W. Constable returned from Calgary New Year's morning.

Mr. and Mrs. H. C. Barry entertained for New Year's dinner. Mr. and Mrs. Chas. Constable, son Philip, Mrs. L. Ford and daughter, Helen and son Edward, Mr. L. W. Constable and son Billie, Mr. Schultz. The evening was spent in foundation of hard work laid in his loath.

Lou Wilson and Edward Hotal are featured opposite the star in "The Man Who Fights Alone" an adaptation of the original story, "The Miracle of Hate."

A Bargain in Newspapers!

An Opportunity to Win \$5,000
A Beautiful Art Calendar Free

The Standard has concluded an arrangement with The Family Herald and Weekly Star of Montreal by which we can offer the greatest bargain ever given to newspaper readers. The offer includes a full year's subscription to both papers, an art calendar with a most beautiful picture subject ready for framing, and an opportunity to win a prize of \$5,000 cash. In the Federal Election of 1924 there were 3,119,306 votes cast out of a total of 4,435,310 names on the voters list. How many votes will be polled in the next Federal Election? The Family Herald and Weekly Star are offering Ten Thousand Dollars in 94 prizes for the best estimates, and our arrangement with the publishers of that great weekly gives every Standard subscriber an opportunity to make an estimate and perhaps win the capital prize of \$5,000. Some people will win. Why should it not be you?

READ THIS BARGAIN

The Standard costs \$2.00 per year.
The Family Herald and Weekly Star costs \$2.00 per year.
We now offer a full year's subscription to both papers, including a copy of The Family Herald Art Calendar and the right to make one estimate in The Family Herald's Election Contest.

All for \$3.50.
Estimates must be made at time of subscribing, and no changes will be permitted afterwards.

Order Now at This Office
STRATHMORE & BOW VALLEY STANDARD

hall was well attended for the condition of the roads, and all report a good time.

Helen Forker spent Friday day, and night, in the Kelly home with Miss Sullivan.

The radio man announces two dances this week. A radio dance on Wednesday night, and a Hard Times dance Friday night.

Merl Jones spent the week end with Logan Gow.

Wonder what Logan and Jack Gow were trying to make out of their "slush New Year's morning? A flying machine or a football?

Miss Nellie Gow entertained a few friends Sunday afternoon.

The Constable and Brainer families were entertained for dinner in the Geo. Gow home Tuesday evening.

NEXT WEEK WITH THE CHURCHES

"How Shall We Use the Bible Rightly?"
Many present day religious problems centre around this question. The minister will preach upon this subject and will welcome any questions of thoughtful people at or after the service. All interested in the Christian religion for Strathmore and Nankana are invited to attend. Nankana Church School and Sermon opening at 11 o'clock.
Strathmore Church School at 11 a.m. Congregational worship at 7:30 o'clock.
